19 June 1951

Mr. Edward D. Storm  
Attorney and Counselor at Law  
1 East Church Street  
Frederick, Maryland

Dear Mr. Storm:

STATINTL

Thank you very much for your helpful letter of 16 June in connection with the case of [redacted]. We are very grateful for the trouble to which you have gone and for the information bringing us up to date on this case.

We have already started a check on the insurance investigation, but are not aware of what witnesses the insurance company found.

With respect to the question of whether the lights were visible, it is my understanding that [redacted] saw lights but thought they were on the wrong side of the road and swung to the left to try to get out of the way. This is third hand, however, and I cannot vouch for the facts.

STATINTL

[redacted] is still in the hospital and will be there for some little time. However, [redacted] to whom [redacted] was paroled, is responsible for trying to help him out and I am going to ask him to speak to you in connection with your generous offer to help in the defense. I agree with your suggestion of retaining, if possible, an attorney who specializes in criminal work. [redacted] can then arrange for later conferences with [redacted] and the other occupants of the car he drove.

STATINTL

STATINTL

Again let me state that your prompt and helpful assistance was greatly appreciated.

Very truly yours,

LAWRENCE R. HOUSTON  
General Counsel
